Here is the latest version of the GKM action memo and related documents. Please continue with your regional and headquarters routing for concurrence. Let me know if you have any questions. Tito, Brian, let me know if we need further discussion on our responses.

Thanks

David

David and Richard,

I thought I'd have this finished earlier this morning but I guess it is still morning. In addition to the attachments that Richard transmitted earlier, I am sending you the revised AM and a

Deliberative Process/Ex. 5

need some explanation of a revision (especially cost table), please call me at: 720-446-6442. I haven't shared this revision with Regions 6 or 9 but, except for the alternative water discussion we had with R9, I don't believe they have any concerns for the remaining changes requested by HQ. I believe this is ready for HQ once you (David and Richard) complete whatever review you choose to do (I have even corrected formatting and grammatical errors so we can also route to R6,9 and concurrence within R8. Thank you for your patience, it took a bit more research than I anticipated. - lw

Laura and David – Here are the redrafted ARARs table and Enforcement Addendum.

I sent this redrafted Enforcement Addendum to OECA early this week and have not heard back.

Can you please provide us with an update on when we may be seeing an updated version of the AM for GKM? While we understand the complexities of the site and the associated AM, the OSWER Immediate Office is asking when they may be able to see a draft version and ultimately when they may have a final version to sign off on.

Deliberative Process/Ex. 5

Thank you all,

Brian

CONFIDENTIAL: Pre-Decisional Attorney-Client Privilege, Not Subject to FOIA

Please find attached, HQ recommendations associated with the October 13, 2015 version of the Gold King Mine Action Memorandum. Also attached is the October 13, 2015 AM with lines and the draft final ARARs for reference. This round of review included representatives from OGC, OEM, and OSRE, as referenced in the first paragraph of the input document. Please note that this review also included the OEM Office Director and the OEM Deputy Office Director. Once the comments have been adjudicated, we expect we will be able to share the new version with the OSWER Immediate Office for their initial input.

Deliberative Process/Ex. 5

feel free to share this with the appropriated ORC contacts or other program folks that you believe should see this, as appropriate.

Thanks again to all for your assistance and patience in the process.

-Brian
